### HOSPITAL: Surgery Scheduling Phone Numbers

---

Riverton Hospital General number- (801) 285-4000

Pre-Admission Nurse 801-285-2841

Admissions/Information 801-442-8600

Surgery Time/Instructions 801-285-2832

Other outside services: Anesthesiologist, CPM machines, MRI, bone scans, laboratory tests, home health care, etc... information should be provided at the time of services and listed on individual billing statements.

If your surgery requires an assistant, these charges appear on your surgeon's bill.

Soft goods: Braces, sleeves, slings, and supports are most often provided through our office. Occasionally, insurance companies may require that you use a different vendor for these services.

We recommend that you contact your insurance carrier on all services to understand your policy and benefits. Your insurance is a contract between you and your insurance carrier. You do have financial responsibility for your bills.
